Auto Air Vent Valve for Water

Model	WAV - 10	
Applicable Fluid	a chemical agent, Industrial water	
Applicable Pressure	Max. 0.98 MPa	
Applicable Temperature	Max. 60°C	
Connecting Method	KS PT Screwed	
Hydraulic Testing	1.75 MPa at Water Pressure	
Material	BODY	C3771BE
	TRIM	C3604BD/EPDM or SILICONE
Size	PT	H
15A	1/2"	112
20A	3/4"	112

Structure map

- A21 st century leading company that creates the future
- Striving for customer satisfaction
- Leading the realization of the living together society
